

Specifiche tecniche per la fornitura di un'interfaccia VME con le seguenti caratteristiche:

Master/Sequencer (SIS3104):

- 1/2/4 GBit/s optical link
- 1000 MBits/s Ethernet
- Backward compatibility with SIS3100
- 2 inputs/2outputs 00 LEMO, NIM/TTL level programmable
- min. 128 Mbytes memory
- Single width, 6U VME master controller
- Compatible with PCI Express Interface

Interface (SIS1100-ECMC):

- PCI Express card (PCIe single lane)
- Up to 4 x SFF 1/2/4/ GBit/s optical link
- In-field JTAG and PCIe firmware upgrade possibility
- Compatible with SIS3104 sequencer

Accessories:

- Fibre Cable: Duplex LC-LC50/125 μ m, 5m
- Handles: VME64x top and bottom
